Avanti 3025

The Avanti 3025 is the perfect phone for those who make extensive use of advanced calling features and applications. With its large graphical LCD, numerous programmable buttons, and on-board "mouse", no other telephone is better suited for your most advanced business telecommunication applications.

Avanti 3020

The 3020's combination of display, programmable keys and softkeys makes calling features and applications easier to use. An ideal instrument for your more advanced users. The 3020F is equipped with a full duplex speakerphone.

Avanti 3015

The Avanti 3015 is our basic display station featuring DSS/BLF functions that make it easy to use. The Avanti 3015 is available in 2 models: 3015DF (full duplex speakerphone), and 3015H (half duplex speakerphone without the display).

Avanti 3000

The Avanti 3000 is our most economical station. It allows users full access to all digital features, such as hands-free answerback, intercom, on-hook dialing, distinctive ringing, and integrates four programmable buttons in an Avanti styled package.

options

DSS Add-On Module

Need more programmable buttons? The 30 programmable buttons and 4 "map" pages give an additional 120 buttons that can be used for memory, speed dial access or automatic redial. Can be attached to any Avanti 3025, 3020, or 3015 station.

SLT Adapter

This optional single line card installs in the base of your digital Avanti telephone to bring a single line telephone dial tone to the desktop. For Avanti 3025, 3020, or 3015 stations.

Trunk Add-On Module

This adapter is an optional one-port CO card that installs in the base of your Avanti station allowing a CO trunk to be connected to your station. Can be used with Avanti 3025, 3020, or 3015 station.

Attendant Console

The Attendant Console provides a full size 128x240 graphic display, complete with icons and nine fixed buttons. Custom features include – Answer, Release, Drop, Night, Day Alert, Mute Ring, Position Busy, Dial Continuation, Tone, Clear Alarm, Time, Recall, Private Recall, Hold and Answer Hold.
