Telrad is excited to announce our Q4 Voice Managed Services/Cloud Promotions for Fall/Winter 2019. Receive **FREE Internet Services** with all new business phone system orders.

A business is most reliant on their phone system. Secondary to that is their hi speed. So why not pair the two together with a leading supplier that provides personal service & contract free plans? For a limited time, Telrad is offering to include the best available hi speed services at your location to fully support both your phone system and data/network; along with QOS Quality of Service & top-level security. A full complimentary audit will be provided with a comprehensive solution and managed deployment. Telrad is the best alternative to other solutions and providers as we pride ourselves on hassle free, contract free, a money back guarantee and inclusive personal service. Call to speak with a Sales Representative today for more information.
