The Experts in Business Phone Systems.

Telrad is the industry expert in Voice Managed Services, Cloud based Systems and On Premise Solutions for all your Business Phone System Needs.

During these unprecedented times, we want to do whatever we can to help business achieve more and communicate better. We are offering \$15 off our Futuro WiFi Dongle to allow Customers the flexibility to work from home. This adaptor allows Customers to take their Futuro Phones home and simply connect the phone to their at home WiFi versus trying to plug the phone directly into their router or modem.
